## Awareness programme against social evils organised

**CORRESPONDENT**

JORAHAT, Feb. 26: A scientific awareness programme titled "Sanskar - Manuher Babu", was organised by Mission Birubala today at Dimoria College, Jorhat in order to create a scientific temperament among the masses against blind faith and superstition, especially witch hunting.

The programme was organised in collaboration with IQAC of Dimoria College and was supported by the Assam Science, Technology and Environment Council (ASTEC).

Speaking at the event, social activist Birubala Rabha who runs Mission Birubala, listed illiteracy and lack of scientific approach towards any problem in society as the reasons behind the practice of superstitious beliefs such as witchcraft.

She also explained how absence of medical officers in rural areas forces people hav...

ing health problems to go to ophas (faith healers) for treatment. These ophas, she maintained, are the main culprits behind the branding of victims, mostly women, as witches and holding them responsible for all evils in society.

ICP Special Branch Hiren Nath also spoke on the issue and asked the students to take forward the message spread by the NGO to their families and friends to help the victims.

ASTEC Director Dr Arup Misra, ASTEC Deputy Director Dr Jaideep Baruah, Principal of Dimoria College Pranjali Das, State coordinator of Mission Birubala Dr Nityabir Das and ACP Sonapur Abhajan Doley among others were present at the event.

Earlier, artistes of Mancholenka Centre for Performing Arts presented a streetplay in which they beautifully showed how a woman is termed a witch for personal benefit of some people.

Magician Khanindra Nath Brahma highlighted social evils through magic.
